PROCESS TYPE III APPLICATIONS

WHEN PROCESS TYPE III IS USED

References to Process Type III applications are found in several places in the Milton Municipal Code (MMC), indicating that the development, activity, or use, is permitted only with Type III Process approval. The following land use permits require Process Type III approval:

- Minor Site Plan Approval (MMC 17.62)
- Preliminary Short Plat (MMC 16.28)
- Minor Wireless Communication Facility (MMC 17.58)
- Modifications to Process Type IV Decisions
- SEPA (Threshold determination not otherwise combined - MMC 18.16)
- Shoreline Substantial Development Permit (MMC 18.12)

HOW TO APPLY

- Applicants may request a preapplication conference prior to submitting an application.
- This form is to be used by an applicant as a guide in determining what constitutes a complete application.
- All items must be submitted to constitute a complete application.
- Applicant will be notified of a complete application within 28 days of submittal.
- A complete application does not imply compliance or conformance with applicable codes.
- Additional fees may be required for consultant review of application materials.

NOTIFICATION

Notice of application is required for Type III applications, and will be distributed by the planning and community development department by mail to the applicant and any owners of property within 500 feet of the project site. A neighborhood meeting is not required for Process Type III proposals, but may be held at the request of the applicant. The department of planning and community development will set a date for the neighborhood meeting if such a meeting is requested.

WHO MAKES THE DECISION

The land use administrator is the decision-maker for a Process Type III application. The land use administrator shall approve a project, or approve with modifications if the applicant has demonstrated the proposal complies with the applicable decision criteria of the Milton Municipal Code and all applicable development standards. The land use administrator issues the decision based on review and analysis of decisional criteria, the official file, and written public comment.

APPEALS

Administrative appeals filed on Process Type III decisions are heard by the City of Milton Hearing Examiner in an open record hearing. A final city decision on a land use permit application for a Process Type III decision may be appealed to superior court by filing a land use petition meeting the requirements set forth in Chapter 36.70C RCW.
