- Filled Deputy Chief Vacancy (externally)
- Filled Finance Manager Vacancy (internally)
- Expand Fire Prevention Staff

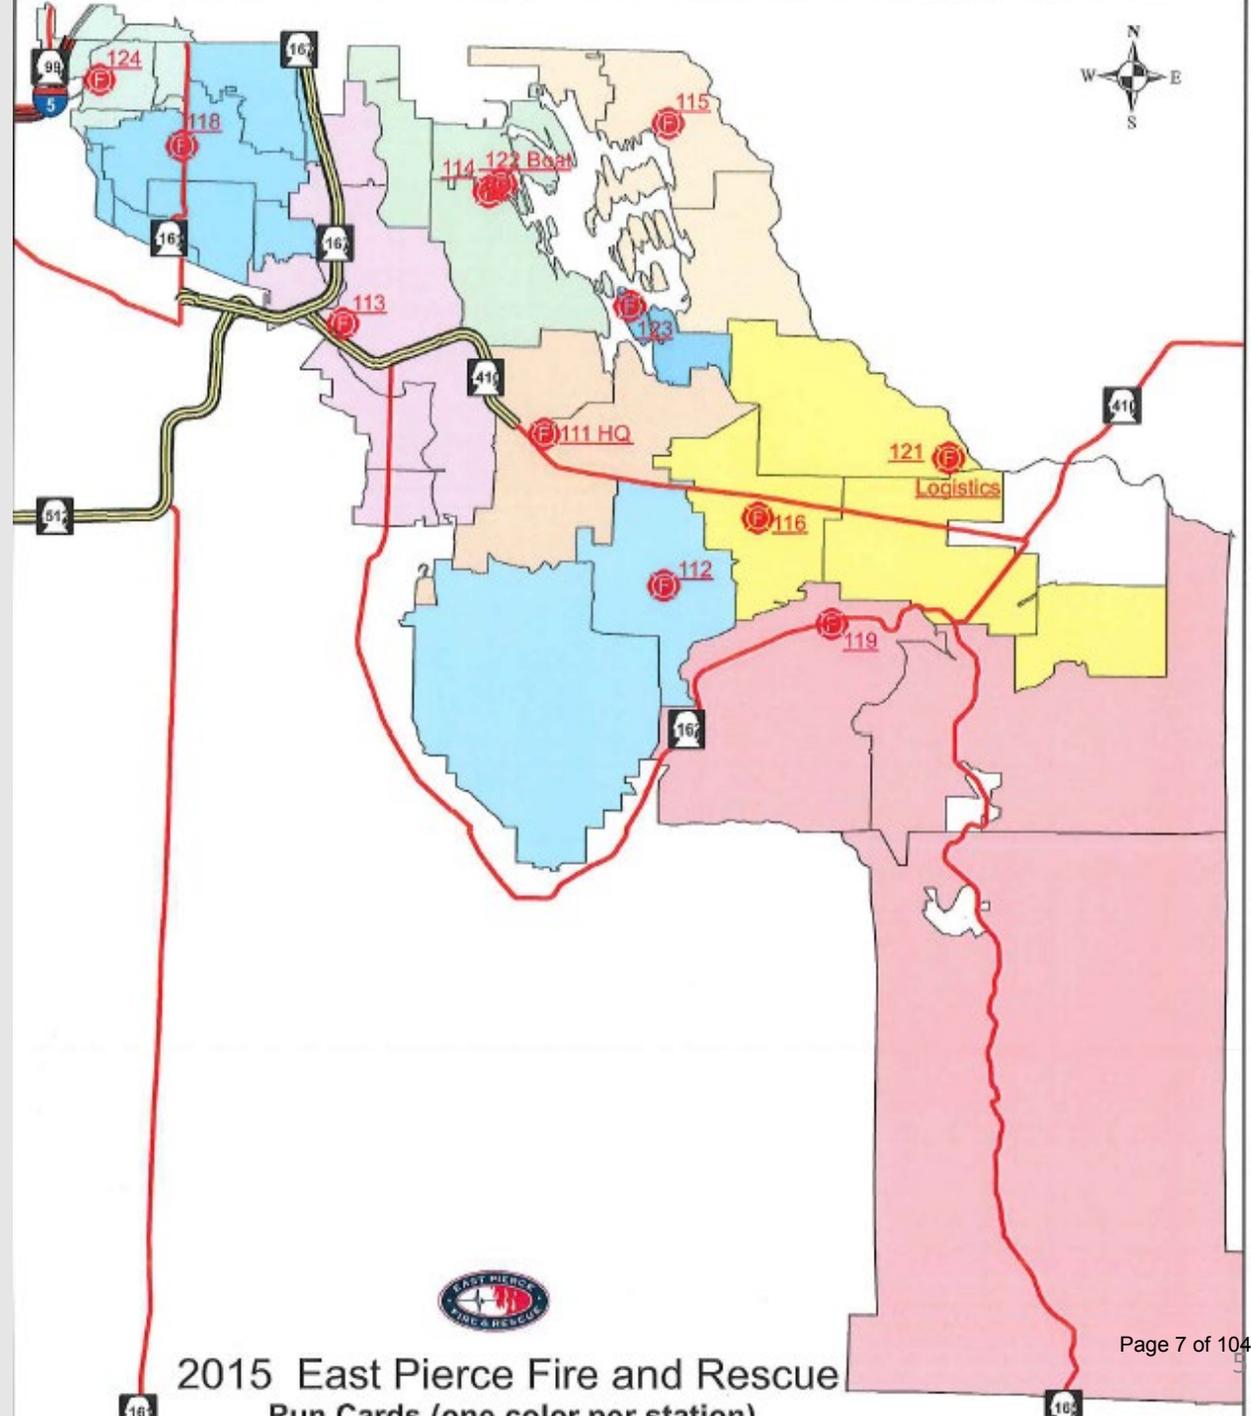

# Call Volume Growth

Stats by Station First Due 2018	
Stations	Number of Incidents
Station 111	2,093
Station 112	1,508
Station 113	2,629
Station 114	672
Station 115	326
Station 116	667
Station 118	1,144
Station 119	370
Station 124	1,378
Mutual Aid	363
<b>Total</b>	<b>11,150</b>

## Annual Call Volume by Career Station First Due

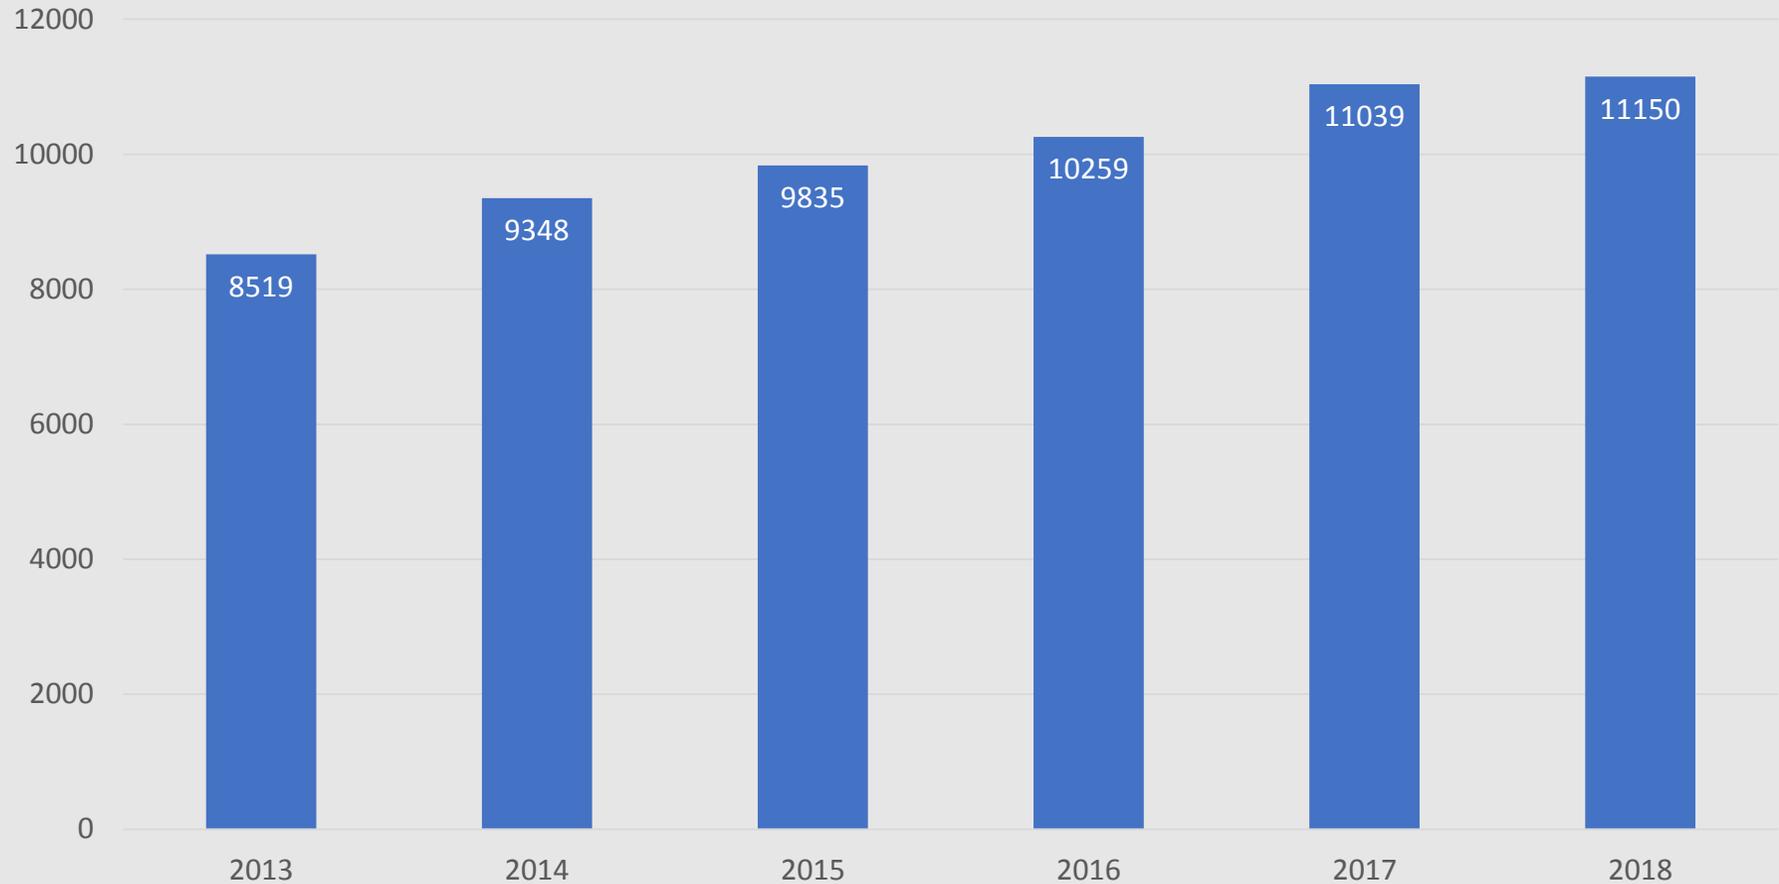

# Career Station First Due Area

# Population Growth = Calls for Service Growth

Total Incidents District Wide

**July 31<sup>st</sup>, 2019 call volume is 7% over the same period of 2018: 6429 vs 2019: 6657**

# Schedule of Bond Issue Improvements

- Station 118-Edgewood - ? (previously June '21)
- Station 111-Bonney Lake – December 2021
- Station 112-Prairie Ridge – Spring 2022\*
- Station 114-Lake Tapps (west) – 2023\*
  - \*subject to land acquisition
- Station 117-Tehaleh – 2024
- Ladder Truck and 6 Fire Engines are out for Bid
  - Spread purchase of engines out over 3 years

Inspection for which no fee is specifically indicated (1 hour minimum)	\$99.00/hour	\$150.00/hour
Additional plan review required by changes, additions or revisions to plans after 2 reviews. (1 hour minimum)	\$99.00/hour	\$150.00/hour
Deferred submittals and Substantial Revisions	1.5 times the hourly rate of \$99.00/hour	\$150/hour
State Building Code Council Fee	\$4.50 plus \$2.00 per additional unit	\$6.50 for IRC, \$25.00 for IBC plus additional \$2.00 per dwelling
Single Family Residential Housing Valuation	Fee based on City of Milton Building Division Valuation Table	Fee based on City of Milton Building Division Valuation Table
Civil Inspection Fees	To be billed at outside consultant's rate + 15% administrative fee not to exceed \$100 per invoice	To be billed at outside consultant's rate + 15% administrative fee not to exceed \$100 per invoice
Storm Inspection Fees	To be determined	To be determined
Plumbing Permit Fees	Except for residential construction regulated under IRS, a plan review fee equal to 65% of the Plumbing Permit fee is also required.	A Plumbing review plan review fee of 65% of the permit is required, unless waived by the Building Official
For issuing each permit	\$143.00	\$156.00
<del>For issuing each supplemental permit</del>	<del>\$52.00</del>	
Unit Fee Schedule (in addition to permit fee)		
For each plumbing fixture on one trap or a set of fixtures on one trap (including water, drainage pipe and backflow prevention)	\$10.30	\$13.00
For each building sewer and each trailer park sewer	\$10.30	\$25.00
Rainwater systems – per drain (inside building)	\$10.30	\$13.00
For each private sewage disposal system	\$56.65	\$68.00
For each water heater and/or vent	\$10.30	\$13.00
For each industrial waste pretreatment interceptor including its trap and vent, and kitchen-type grease interceptors	\$10.30	\$13.00
For each installation, alteration or repair of water piping and/or water treating equipment	\$10.30	\$13.00
For each installation, alteration or repair of drainage or vent piping, each fixture	\$10.30	\$13.00
For each landscape sprinkler system on any one meter including backflow protection devices thereof	\$10.30	\$13.00
For each atmospheric-type vacuum breakers not included in item above.	\$10.30	\$13.00
For each backflow protective device other than atmospheric-type vacuum breakers:		
2 inches (51 mm) in diameter and smaller	\$10.30	\$13.00
Greater than 2 inches (51 mm) in diameter	\$21.63	\$26.00
For each graywater system	\$56.65	\$68.00
For each medical gas piping system serving one to five inlets/outlets for a specific gas	\$71.07	\$85.21
For each additional medical gas inlet/outlet	\$10.30	\$13.00
For other plumbing units not specifically listed	\$10.30	\$13.00
Mechanical Fees	Except for residential construction regulated under IRS, a plan review fee equal to 65% of the Mechanical Permit fee is also required.	A Mechanical plan review fee of 65% of the permit fee is required, unless waived by the Building Official
For issuing each mechanical permit	\$143.00	\$156.00
<del>For issuing each supplemental permit</del>	<del>\$52.00</del>	
Unit Fee Schedule (in addition to permit fee)		
Furnaces		
For the installation or relocation of each forced-air or gravity-type furnace or burner, including ducts and vents attached to such appliances.	\$23.69	\$28.42
For the installation or relocation of each floor furnace, including vent	\$23.69	\$28.42
For the installation or relocation of each suspended heater, recessed wall heater or floor-mounted unit heater	\$23.69	\$28.42
Appliance Vents		
For the installation, relocation, or replacement of each appliance vent installed and not included in an appliance permit	\$10.30	\$13.00
Repairs, Additions, and Miscellaneous Equipment		
For the repair, alteration or addition to each heating appliance, refrigeration unit, cooling unit, absorption unit, or each heating, cooling, absorption, or evaporative cooling system, including installation of controls, and miscellaneous equipment regulated by the Mechanical Code	\$19.57	\$28.42
Boilers, Compressors, and Absorption Systems		
For the installation or relocation of each boiler or compressor to and including 15 horsepower (52.7 kW), or each absorption system to and including 500,000 Btu/h (146.6 kW)	\$28.84	\$34.60
For the installation or relocation of each boiler or compressor over 15 horsepower (52.7 kW), or each absorption system over 500,000 Btu/h (146.6 kW)	\$84.46	\$101.35
For each air-handling unit, including ducts attached thereto	\$19.57	\$28.42
Air Handlers and Evaporative Coolers	NOTE: This fee does not apply to an air-handling unit which is a portion of a factory-assembled appliance, cooling unit, evaporative cooler or absorption unit for which a permit is required elsewhere in the Mechanical Code	NOTE: This fee does not apply to an air-handling unit which is a portion of a factory-assembled appliance, cooling unit, evaporative cooler or absorption unit for which a permit is required elsewhere in the Mechanical Code
Ventilation and Exhaust		
For each ventilation fan connected to a single duct	\$10.30	\$13.00
For each ventilation system which is not a portion of any heating or air-conditioning system authorized by a permit	\$10.30	\$13.00
For the installation of each commercial-type hood which is served by mechanical exhaust, including the ducts for such hood	\$77.25 plus Plan Review	\$93.00
For other mechanical units not specifically listed	\$10.30	\$13.00
Fuel Gas, Medical Gas and Process Piping **medical gas requires a plumbing permit**		
Fuel Tanks - Permit & Inspection: Propane, Heating Oil	\$177.16	\$350.00
For each piping system of one to four outlets	\$10.30	\$13.00
For each additional outlet exceeding four, each	\$2.16	\$13.00
Other Inspections and Fees		
Inspections outside normal business hours (minimum charge 3 hours)	\$298.00/hour	\$225.00/hour
Reinspection fee (1 hour minimum)	\$99.00/hour	\$150.00/hour
Investigation fee (minimum charge includes four hours)	\$398.00/hour plus staff fees plus attorney and consultant fees plus 15% overhead	\$900 minimum plus \$225/hour for each hour over four plus attorney and consultant fees plus 15% overhead
Inspection for which no fee is specifically indicated (1 hour minimum)	\$99.00/hour	\$150.00/hour
Additional plan review required by changes, additions or revisions to plan. (1 hour minimum)	\$99.00/hour	\$150.00/hour
For use of outside plan review, inspection, or other professional services	Actual cost plus 15% overhead cost	Actual cost plus 15% overhead cost
Technology Fee		5% of each permit
<b>Actual cost shall include all administrative and overhead cost. Additional plan review fee may be charged in addition to permit fee (¼ hour minimum)</b>

# Mayor's Budget Message

October 14, 2019

Dear City Councilmembers,

I am pleased to submit for your consideration the 2020 proposed annual budget for the City of Milton. Proposed 2020 appropriations compared to budgeted 2019 appropriations are as follows:

Fund	2019 Original Budget	2020 Proposed Budget	Increase (Decrease)	% Change
<b>General Fund</b>	4,569,640	4,925,499	355,859	8%
<b>Special Revenue Funds:</b>				
Street Fund	367,136	387,533	20,397	6%
Rainy Day Fund	-	-	-	-
Asset Replacement & Capital Reserve Fund	70,000	166,400	96,400	138%
Drug Seizure Fund	10,000	15,000	5,000	50%
Criminal Justice Fund	2,957,209	2,987,626	30,417	1%
Community Events Fund	23,424	26,545	3,121	13%
Reserve Officer's Fund	-	2,063	2,063	n/a
Real Estate Excise Tax 1 Fund	175,000	129,000	(46,000)	-26%
Real Estate Excise Tax 2 Fund	185,000	20,000	(165,000)	-89%
Traffic Impact Fee Fund	75,000	440,000	365,000	-
Parks Impact Fee Fund	-	96,000	96,000	n/a
<b>Capital Projects Fund:</b>				
Capital Improvement Fund	1,275,336	1,630,000	354,664	28%
<b>Enterprise Funds:</b>				
Electric Utility Fund	5,482,401	5,809,441	327,040	6%
Electric Capital Improvement Fund	750,000	2,050,000	1,300,000	173%
Electric Utility Asset Replacement Fund	330,000	400,000	70,000	21%
Water Utility Fund	2,516,836	2,391,862	(124,974)	-5%
Water Capital Improvement Fund	1,173,000	1,137,000	(36,000)	-3%
Water Utility Asset Replacement Fund	227,000	150,000	(77,000)	-34%
Stormwater Operations Fund	1,180,091	1,273,923	93,832	8%
Stormwater Capital Improvement Fund	1,465,000	517,000	(948,000)	-65%
Stormwater Asset Replacement Fund	72,000	200,000	128,000	178%
<b>Internal Service Funds:</b>				
Vehicle Repair & Maintenance Fund	261,103	255,523	(5,580)	-2%
Information Technology Fund	224,698	257,449	32,751	15%
<b>Total Expenditures and Other Uses</b>	<b>23,389,874</b>	<b>25,267,863</b>	<b>1,877,989</b>	<b>8%</b>

The total proposed budget is eight percent higher than last year's primarily due to increased capital spending, most notably on the electric substation replacement project. The increase in the General Fund budget includes the addition of a full-time Principal Planner position. Expenditure increases in other operating funds have been kept as low as possible and are largely limited to salary and benefit increases associated with existing staff. The 2020 budget proposes the same full-time equivalent employee count as in 2019, however the proposed budget reflects addition of a Principal Planner position and removal of the Stormwater Compliance Officer position.

Improving the quality of life for the Citizens of Milton is one of my top priorities. The 2020 budget includes \$70,000 towards playground equipment, \$30,000 for new Welcome/Wayfinding signage and continued funding for Community Programs such as Senior and Youth activities. The Trailhead Improvement project will take place, adding sidewalks for safe walking to and from the Interurban Trail.

Estimated 2020 resources compared to 2019 budgeted resources are as follows:

<b>Fund</b>	<b>2019 Original Budget</b>	<b>2020 Proposed Budget</b>	<b>Increase (Decrease)</b>	<b>% Change</b>
<b>General Fund</b>	4,383,387	4,925,500	542,113	12%
<b>Special Revenue Funds:</b>				
Street Fund	367,000	387,688	20,688	6%
Rainy Day Fund	203,700	4,195	(199,505)	-98%
Asset Replacement & Capital Reserve Fund	127,204	106,061	(21,143)	-17%
Drug Seizure Fund	10,000	-	(10,000)	-100%
Criminal Justice Fund	2,957,850	2,991,050	33,200	1%
Community Events Fund	23,424	26,545	3,121	13%
Reserve Officer's Fund	-	-	-	-
Real Estate Excise Tax 1 Fund	151,650	148,100	(3,550)	-2%
Real Estate Excise Tax 2 Fund	150,740	142,816	(7,924)	-5%
Traffic Impact Fee Fund	60,450	189,725	129,275	214%
Parks Impact Fee Fund	10,450	25,946	15,496	148%
<b>Capital Projects Fund:</b>				
Capital Improvement Fund	1,140,003	1,522,510	382,507	34%
<b>Enterprise Funds:</b>				
Electric Utility Fund	4,722,500	5,399,591	677,091	14%
Electric Capital Improvement Fund	352,650	5,408,836	5,056,186	1434%
Electric Utility Asset Replacement Fund	141,450	165,833	24,383	17%
Water Utility Fund	2,272,350	2,352,303	79,953	4%
Water Capital Improvement Fund	255,000	251,594	(3,406)	-1%
Water Utility Asset Replacement Fund	68,700	71,950	3,250	5%
Stormwater Operations Fund	1,004,700	1,064,005	59,305	6%
Stormwater Capital Improvement Fund	854,900	323,960	(530,940)	-62%
Stormwater Asset Replacement Fund	30,150	182,801	152,651	506%
<b>Internal Service Funds:</b>				
Vehicle Repair & Maintenance Fund	265,000	260,000	(5,000)	-2%
Information Technology Fund	224,698	255,833	31,135	14%
<b>Total Revenues and Other Resources</b>	<b>19,777,956</b>	<b>26,206,842</b>	<b>6,428,886</b>	<b>33%</b>

Operating revenue projections are conservative. Where increases are projected, they have only been increased to amounts equivalent to actual projected revenue for 2019, based on actuals received to date. The exception is a 9% increase in property tax revenues based on known levy calculations, the Hill Creek annexation and new construction values. Significant revenue increases were recognized in sales taxes, permits and plan review revenues in 2019. The 2020 budget assumes increases over the 2019 budget but no increase over 2019 actuals. Revenue in the Electric Utility Asset Replacement Fund includes a \$5 million loan for replacement of the substation.

Sincerely,

*Shanna Styron Sherrell, Mayor*

# Organizational Chart

# Budget Development Process

The budget includes the financial planning and legal authority to obligate public funds. Additionally, the budget provides policy direction by the City Council to the staff and community.

The budget serves four functions:

## **It is a Policy Document**

The budget functions as a policy document in that the decisions made within the budget will reflect the general principles or plans that guide the actions taken for the future. As a policy document, the budget makes specific attempts to link desired goals and policy direction to the actual day-to-day activities of the City staff.

## **It is an Operational Guide**

The budget of the City reflects its operation. Activities of each City department or program have been planned, formalized and described in the following sections. This process will help to maintain an understanding of the various operations of the City and how they relate to each other and to the attainment of the policy issues and goals of the City Council.

## **It is a Link with the General Public**

The budget provides a unique opportunity to allow and encourage public review of City operations. The budget describes the activities of the City, the purposes of those activities, future implications, and the direct relationship to citizens.

## **It is a Legally Required Financial Planning Tool**

Preparing and adopting a budget is a state law requirement of all cities as stated in Title 35A of the Revised Code of Washington (RCW). The budget must be adopted as a balanced budget and must be in place prior to the beginning of the City's fiscal year. The budget is the legal authority to expend public funds and controls those expenditures by limiting the amount of appropriation at the fund level. The revenues of the City are estimated, along with available cash carry-forward, to determine funds available.

The City of Milton operates on a calendar year basis. The City utilizes an incremental budgeting approach that assumes, for most functions of government, that the current year's budget is indicative of the base required for the following year. Any increases are incremental and based on need defined by budget policies, emerging issues, Council goals and available resources.

# Budget Calendar

September 20 – preliminary estimates due from directors

October 14 – preliminary budget presentation to Council

November 4 – public hearing on revenue sources, first reading on tax levy

November 12 – budget presentation, updated preliminary budget (if needed)

November 18 – second reading on tax levy, first reading/public hearing of final budget

December 2 – second public hearing/adopt final budget

After the budget is adopted, the City enters a budget implementation and monitoring stage. Throughout the year, expenditures are monitored by the Finance Department and department directors to ensure that funds are within the approved budget. As required by RCW 35A.33.140, the Finance Director provides the City Council with quarterly reports to keep them current with the City's financial condition.

The Mayor is authorized to transfer budgeted amounts within a fund; however, any revisions that alter the total expenditures of a fund, or that affect the number of authorized employee positions, position titles, salary ranges or other conditions of employment must be approved by the City Council.

When the City Council determines that it is in the best interest of the City to increase or decrease the appropriation for a fund, it may do so by ordinance adopted by Council.

# Budget Principles

## General Principles

- Department directors have primary responsibility for formulating budget proposals in line with City Council and Mayor directions, and for implementing them once they are approved.
- The Finance Department is responsible for coordinating the overall preparation and administration of the City's budget. This function is fulfilled in compliance with applicable State of Washington statutes governing local government budgeting practices.
- The Finance Department assists department staff in identifying budget problems, formulating solutions and alternatives, and implementing any necessary corrective actions.
- Interfund charges will be based on recovery of costs associated with providing those services.
- Budget adjustments requiring City Council approval will occur through the ordinance process at the fund level prior to the end of the fiscal year.
- The City's budget presentation will be directed at displaying the City's services plan in a Council/Citizen friendly format.

## Minimum Fund Balances

- **Enterprise Funds** – the targeted budgeted ending fund balance for utility operations funds shall equal at least 25% of budgeted operating expenditures.
- **General Fund** – the targeted budgeted ending fund balance for the general fund shall equal at least eight percent of budgeted operating expenditures.
- **Rainy Day Fund** – budgeted ending fund balance for the rainy day fund shall equal at least 10% of budgeted operating expenditures of the General Fund. Use of the rainy day fund shall be approved by Council through the budget process for temporary, unanticipated, one-time expenditures. If the balance in the rainy day fund falls below the 10% target the balance should be increased by at least one percent per year until the 10% target is met again.

## Capital Asset Replacement and Improvement Funds

- **Enterprise Funds** – seven percent of the monthly charges for electric, water and stormwater shall be transferred into the related capital improvement funds and three percent of the same monthly charges shall be transferred into the related asset replacement funds.

- **General Government** – two percent of general fund operating revenues shall be transferred into the asset replacement fund for funding necessary replacement and/or acquisition of assets for general fund departments and funds supported by the general fund, including streets, parks, police and facilities.

**Basis of Accounting**

- Annual appropriated budgets are adopted for all funds on the cash basis of accounting.
- Budgets are adopted at the fund level that constitutes legal authority for expenditures. Annual appropriations lapse at the end of the fiscal period.
- **The General Fund** is the primary fund of the City. It accounts for all financial resources except those required or elected to be accounted for in another fund.

- **Special Revenue Funds** account for revenue sources that are legally restricted or designated to finance certain activities. Special revenue funds include the following:

- |   |                                |
|---|--------------------------------|
| *Street Fund                              | *Rainy Day Fund                |
| *Asset Replacement & Capital Reserve Fund | *Drug Seizure Fund             |
| *Criminal Justice Fund                    | *Community Events Fund         |
| *Reserve Officer’s Fund                   | *Real Estate Excise Tax 1 Fund |
| *Real Estate Excise Tax 2 Fund            | *Traffic Impact Fee Fund       |
| *Parks Impact Fee Fund                    |                                |

- **Capital Projects Funds** account for financial resources which are designated for the acquisition or construction of general government capital projects. The city maintains one capital project fund:

- \*Capital Improvement Fund

- **Enterprise Funds** account for operations that provide goods or services to the general public and are supported primarily by user charges. Enterprise funds include the following:

- |  |                                       |
|--|---------------------------------------|
| *Electric Utility Operations Fund        | *Electric Capital Improvement Fund    |
| *Electric Utility Asset Replacement Fund | *Water Utility Operations Fund        |
| *Water Capital Improvement Fund          | *Water Utility Asset Replacement Fund |
| *Stormwater Operations Fund              | *Stormwater Capital Fund              |
| *Stormwater Asset Replacement Fund       |                                       |

- **Internal Service Funds** account for operations that provide goods or services to other departments or funds of the City. The two internal service funds are:

- |                                    |                              |
|------------------------------------|------------------------------|
| *Vehicle Repair & Maintenance Fund | *Information Technology Fund |
|------------------------------------|------------------------------|

# City-wide Budget Summary

Fund	Projected Beginning Fund Balance	Revenues & Other Resources	Expenditures & Other Uses	Net Increase (Decrease) In Fund Balance	Projected Ending Fund Balance
<b>General Fund</b>	1,008,970	4,925,502	4,925,499	-	1,008,970
<b>Special Revenue Funds:</b>					
Street Fund	-	387,688	387,533	155	155
Rainy Day Fund	469,959	4,195	-	4,195	474,154
Asset Replacement & Capital Improvement Fund	561,493	106,061	166,400	(60,339)	501,154
Drug Seizure Fund	18,313	-	15,000	(15,000)	3,313

Stormwater Operations Fund	524,153	1,064,005	1,273,923	(209,918)	314,235
Stormwater Capital Improvement Fund	1,097,076	323,960	517,000	(193,040)	904,036
Stormwater Asset Replacement Fund	85,099	182,801	200,000	(17,199)	67,900
<b>Internal Service Funds:</b>					
Vehicle Repair & Maintenance Fund	-	260,000	255,523	4,477	4,477
Information Technology Fund	77,809	255,833	257,449	(1,616)	76,193
<b>TOTAL</b>	<b>11,344,028</b>	<b>26,206,844</b>	<b>25,267,863</b>	<b>938,978</b>	<b>12,283,009</b>

- The 2020 budget presumes service levels that are consistent with those provided in 2019.
- The full-time equivalent employee count remains unchanged from the 2019 budget.
- Employee salaries and benefits budgets include the following changes:
  - Cost of living (COLA) – pending union contracts.
  - Medical (Regence) 3% increase
  - Medical (Kaiser) 9% increase
  - Medical (Police/LEOFF) 10% increase

# Staff Allocation By Fund/Department

Budgeted full-time equivalent employee (FTE) counts by fund and department are shown below. Mayor & Executive and Finance department salaries and benefits are allocated to enterprise funds as described in the indirect cost allocation section, immediately following. All other time is charged to the appropriate function based on actual hours worked during the year. Amounts shown below are allocations used for budget purposes and may vary based on actual work assignments and activities.

Position	FTE	General Fund											
		Mayor & Executive	Finance	Central Services	Building	Planning	Park Facilities	Street Fund	Criminal Justice	Electric Utility	Water Utility	Stormwater Utility Fund	Vehicle Repair
City Clerk/HR Generalist	1.00	1.00

# Indirect Cost Allocation

Indirect cost allocation is a method to determine and assign the cost of central services to the internal users of those services. Cost allocation enables the City to more accurately account for the complete cost of the services it provides.

Indirect costs include central services costs related to information technology, accounting, human resources, facilities operating and maintenance costs, and other general and administrative expenses.

Cost allocation plans share indirect costs across programs, activities, funds and departments. The term “allocation” implies that there is no precise method for charging indirect costs, however cost allocations should be designed to provide a consistent, reasonable and equitable means to allocate costs.

An indirect cost allocation plan is intended to charge restricted funds for a fair and equitable portion of central services costs. The City has two fund types that are eligible for indirect cost allocation – special revenue funds and business-type funds.

Special revenue funds must be at least partially funded by an externally restricted or internally assigned revenue source; however, the special revenue funds can be, and are, subsidized by the general fund. Therefore, there is no benefit to be had by including the special revenue funds in the indirect cost allocation plan (increasing expenditures in those funds would simply increase the amount of general fund subsidy required).

In contrast, the City’s business-type funds must be self-supporting and cannot receive general fund support in the form of subsidization or services provided at no charge. An indirect cost allocation plan is the appropriate way to charge business-type funds for services provided by the general fund. The City’s current business type funds subject to allocation are Water Operations, Electrical Operations, Stormwater Operations, Information Technology and Vehicle Repair & Maintenance. Utility capital improvement and asset replacement funds are excluded from allocation.

The indirect cost allocation plan is developed based on the principle that costs will be split between general government activities (those pertaining to the general fund and special revenue funds) and business-type activities. Business-type activities will be further allocated by fund, based on the criteria described below. General government activities will remain in the general fund.

## **Costs to Be Allocated**

The following central services costs are subject to allocation:

- ❖ Salaries, benefits, supplies, training, equipment, etc. associated with:
  - Public Safety Administrator/Police Chief\*
  - City Clerk, Deputy City Clerk
  - Finance Department
- ❖ Building and maintenance costs:
  - City Hall
  - Finance Department

- ❖ Audit costs
- ❖ Insurance
- ❖ City-wide technology
- ❖ Mayor and Council costs

\*The Public Safety Administrator/Police Chief position provides services that are both administrative and public safety related. Only the administrative time, as determined through a formal time study, is subject to allocation.

**Activities & Measurement Criteria**

The activities on which to base allocations and the measurement criteria for those activities are identified in the following table.

<b>ACTIVITIES</b> <i>(tracked during 2018 time study)</i>	<b>MEASUREMENT CRITERIA</b>
Payroll	Full-time equivalent employees – 2018 budget
Human Resources	Full-time equivalent employees – 2018 budget
Accounts Payable	Non-salary expenses – 2018 budget
Council, Incl. Meetings/Prep/Communication	# of agenda items – 2017 actual
Payment processing	# of payments – 2017 actual
Utility billing	# of invoices – 2017 actual
Audit	Total expenses – 2018 budget
Insurance	Distribution of assets – 2018 actual
City-wide technology	Time study results + 2018 employees
Public Records	Total expenses – 2018 budget
Vehicle Maintenance & Repairs	Time study results
Budget monitoring – City Wide	Total expenses – 2018 budget
Meetings & Admin Time – City Wide	Total expenses – 2018 budget
Meetings & Admin Time - Utilities	Total expenses – 2018 budget
Meetings & Admin Time – Public Safety*	Excluded from allocation
Wellness Program	Full-time equivalent employees - 2018

**Budget & Accounting Procedures**

Costs allocated from the General Fund will show up on separate line items as negative expenditures. Costs allocated to business-type funds will be shown as separate expenditure line items.

The Finance Director will monitor budget to actual amounts for the costs included in the cost allocation plan. If there is a variance of greater than 15% between budgeted and annual costs, then a one-time adjustment will be made as close to the end of the year as is practical.

**Salary & Benefit Allocations**

Salary and benefit allocations are based on the results of formal time studies performed in 2018. Time studies are valid for three years. The existing allocations will remain valid for budget years 2019, 2020 and 2021. Time studies should be re-performed in 2021 for use in the 2022 budget.

**Allocation Percentages**

<b>Position</b>	<b>General</b>	<b>Criminal</b>					<b>IT</b>	<b>Vehicle</b>
		<b>Justice</b>	<b>Electric</b>	<b>Water</b>	<b>Storm</b>

# Interfund Activity

## Information Technology

Interfund charges for services in the Information Technology Fund are based on full-time equivalent employee counts. The allocation is as follows:

<b>Function</b>	<b>Allocation</b>
Mayor & Executive	9,738
Finance	22,007
Central Services	6,327
Building	11,499
Planning	6,767
Park Facilities	4,566
Street Fund	4,566
Criminal Justice Fund	75,540
Electric Operations Fund	40,438
Water Operations Fund	38,623
Stormwater Operations Fund	29,049
Vehicle Repair and Maintenance	6,712
	<b>255,833</b>

## Vehicle Repair & Maintenance

Interfund charges for Vehicle Repair and Maintenance are based on actual costs incurred during the year and are not subject to estimates.

## Interfund Rentals

Interfund rental revenue is recorded in the Electric Operations Fund to reflect the use of space by Water Utility Operations and Stormwater Utility Operations.

## Interfund Transfers

Budgeted interfund transfers are as follows:

- ❖ \$98,285 from the General Fund to the Asset Replacement and Capital Reserve Fund. This amount represents two percent of budgeted General Fund revenues.
- ❖ \$210,000 from the General Fund to the Street Fund to subsidize Street Fund operations.
- ❖ \$2,695,000 from the General Fund to the Criminal Justice Fund to subsidize Police Department operations.

- ❖ \$7,400 from the General Fund to the Community Events Fund to cover staffing costs associated with Milton Days.
- ❖ \$129,000 from the REET 1 Fund to the Capital Improvements Fund.
- ❖ \$20,000 from the REET 2 Fund to the Capital Improvement Fund.
- ❖ \$440,000 from the Traffic Impact Fees Fund to the Capital Improvements Fund.
- ❖ \$96,000 from the Parks Impact Fees Fund to the Capital Improvements Fund.
- ❖ \$522,000 from the Electric Operations Fund to the Electric Capital Improvement Fund (\$365,400) and the Electric Asset Replacement Fund (\$156,600).
- ❖ \$221,450 from the Water Operations Fund the Water Capital Improvement Fund (\$155,015) and the Water Asset Replacement Fund (\$66,435).
- ❖ \$102,800 from the Stormwater Operations Fund to the Stormwater Capital Improvement Fund (\$71,960) and the Stormwater Asset Replacement Fund (\$30,840).

<b>Total Expenditures &amp; Other Uses</b>	<b>4,134,713</b>	<b>4,569,640</b>	<b>4,561,140</b>	<b>4,925,499</b>	<b>355,859</b>	<b>8%</b>
<b>Net Change in Fund Balance</b>	<b>335,575</b>	<b>(186,253)</b>	<b>483,538</b>	<b>-</b>		
<b>Ending Fund Balance</b>	<b>525,432</b>	<b>436,072</b>	<b>1,008,970</b>	<b>1,008,969</b>		
<b>Fund Balance as % of Expenditures</b>	<b>13%</b>	<b>10%</b>	<b>22%</b>	<b>20%</b>		

- The increase in property taxes is due to additional revenue from the Hill Creek Annexation. Sales tax revenue is significantly higher than the 2019 budget but anticipates no increase over 2019 actuals. Similarly, charges for services and fines & forfeitures assume no increase over 2019 actuals.
- Overall, expenditures are seven percent higher in 2020 than 2019. This is primarily due to the addition of a full-time Principal Planner.
- Detailed expenditures by department are shown in the following sections.

- Property tax is projected to increase based on the 101% limit plus Hill Creek annexation area and new construction.
- Sales tax is projected to increase significantly from the 2019 budgeted amount, however the amount budgeted in 2020 assumes no increase over 2019 actuals.
- Permit and plan review revenues have been conservatively budgeted. Budgeted amounts are higher than 2019 budgets but lower than 2019 projections.

# General Fund - City Council

The City Council, or Legislative Department of the city, accounts for the cost of providing effective elective representation to the citizens of the City. The seven-member Council makes policy decisions for the City and is accountable to Milton citizens by determining how resources are allocated, the appropriate levels of services, and establishing goals and policies for the City.

The City Council budget for 2020 is higher than in 2019 due to planned replacement of microphones in the Council Chambers.

# General Fund - Mayor & Executive Office

This department, which includes the Mayor, is accountable to the City Council for the operational results of the organization, effective support of elected officials in achieving their goals, fulfillment of the statutory requirements of the City, implementation of City Council policies, and providing for a communication linkage between citizens, the City Council, City departments, and other government agencies.

The Mayor & Executive 2020 budget is slightly lower than 2019 due to repurposing of the Municipal Services Administrator position.

Positions included in this department are: Mayor, general governmental portion of Police Chief/Public Safety Administrator, City Clerk and Deputy City Clerk.

# General Fund - Judicial/Municipal Court

The Judicial department is used to account for expenditures of the Milton Municipal Court. The Milton Municipal Court is a court of limited jurisdiction, hearing cases involving alleged violations of City ordinances and State misdemeanor statutes, traffic and parking infractions.

The 2020 Judicial budget is 32% higher than the 2019 budget due to rising costs of services provided by the City of Puyallup.

# General Fund - Finance

The Finance Department is responsible for ensuring sound financial management of all City operations, the safekeeping of City assets, budget development, financial statement preparation, debt administration and investing. Major functions include: payroll, accounts payable, utility billing and business licensing.

The increase in the Finance Department budget from 2019 to 2020 is due to planning for a full-time Finance Director in 2020.

# General Fund - Central Services

This department accounts for support activities that benefit the entire organization, primarily facilities maintenance costs for City Hall and Finance/Administration buildings and City-wide insurance premiums. Costs are allocated to other funds based on the indirect cost plan. Facilities maintenance includes maintaining, repairing, cleaning and protecting all general property. Responsibilities include custodial, general maintenance, pest control, small repairs and coordination of significant repair projects.

The 2020 budget is higher than in 2019 due to anticipated repair and maintenance costs.

# General Fund - Building

This department represents the cost of providing building services for the city, including building plan reviews, permits and building/construction inspections. The Building department is responsible for the City's land use and construction code compliance services. Building staff reviews building permit applications and issues building permits pursuant to the International Building Code (IBC). This department is also responsible for providing information and direction to the public, builders, architects and engineers related to buildings including mechanical, plumbing, electrical, and general construction, and related to the site including environmental and fire safety. Staff is also responsible for reviewing and inspecting developments to ensure they conform with all applicable codes.

The 2020 budget for this department is relatively unchanged from 2019.

# General Fund - Planning

This department is responsible for the City’s land use and construction code compliance services. This department is also responsible for the development and administration of long-range plans to achieve the growth and development of the City as well as the State Growth Management Act. This Division works in conjunction with the Planning Commission, the City Council and Administration, and is dedicated primarily to drafting public land use policy, compliance, and inter-jurisdictional planning efforts

The planning group is also responsible for preparing and publishing all legal notices required for land use related permits. These notices are typically provided via newspaper and household mailings to fulfill various notification requirements.

The increase in total budget from 2019 to 2020 is due to the addition of a full time Principal Planner position.

# General Fund - Culture & Recreational Facilities

This department is used to account for expenditures related to the maintenance and operation of the Milton Activity Center and Community Building.

The 2020 budget is slightly lower than the 2019 budget due to salaries & benefits being included in the Parks budget.

# General Fund - Park Facilities

The Park Facilities department accounts for costs to maintain the city’s parks, trails, and open spaces. Work includes specific maintenance and repair of the 2.5 miles of the Interurban Trail, in addition to all other public spaces within the City. Maintaining parks is labor intensive and requires funding for appropriate equipment maintenance and repair. In 2018 the mowing of the parks was outsourced to a private company. This has freed up Parks staff to focus on maintenance and other high-priority issues. This outsourcing has also reduced the level of maintenance needed for our mowers and other equipment.

The Parks Division provides information and support to the Parks Board, an advisory commission to the City Council. The City does not have any staff dedicated full-time to parks. Staff is shared with the stormwater and facilities groups. All work performed by this group is prioritized to address safety and high community use areas.

This group also assists with the coordination of annual special events such as Milton Days, the Fall Craft Bazaar and the Holiday Tree Lighting.

The 2020 budget is higher than the 2019 budget due to correction of professional services line item, which was under-budgeted in 2019.

# General Fund - Transfers

Transfers are used to show General Fund support of other funds. The most significant operating subsidies are provided to the Criminal Justice fund (107) for Police Department operations and to the Street fund (101) for street maintenance. Transfers to the Events fund are budgeted in order to cover the costs of salaries/benefits associated with staff time spent on Milton Days and transfers to the asset replacement fund are equivalent to 2% of General Fund revenue.

# Street Fund (101)

The purpose of the Street Operations and Maintenance fund is to develop, build, and maintain public infrastructure by effectively administering and managing the design, engineering, construction, environmental compliance, and maintenance of City-owned streets, transportation systems, roadway shoulders, landscape strips, sidewalks, traffic signals, and other assets.

There are five primary programs in the Street Division: Pavement Management, Street Lights, Safety, Sidewalk/Right of Way Maintenance, and Winter Sanding/Plowing. The City's street crew performs routine maintenance limited to filling potholes and minor repairs. A limited amount of asphalt patching is contracted out each year, primarily focused on patching small areas of pavement that are approaching failure and experiencing extensive cracking and settling. Current funding levels for this division are not adequate to provide for preventive pavement maintenance; only routine maintenance at the most basic level is done throughout the year. The Safety Program includes cleaning and repair of street signs, guardrails, and all other traffic control devices within the City. Street striping is performed on an annual basis and is currently contracted out to King County. Street sweeping is only performed a couple times a year, on an as-needed basis, and is contracted to outside entities. Cleaning of sidewalks, maintaining landscaping, and mowing roadway shoulders is covered under the Sidewalk/Right of Way Maintenance Program. Sanding and plowing as needed is performed by the City's street crew during inclement weather. The winter sanding and plowing program is not inclusive of all City streets, and only focuses on pre-determined primary and secondary routes through town.

Maintenance and repairs to traffic signals is currently handled by Pierce County or, on state routes, by the Washington State Department of Transportation.

Budgeting for some street-related projects are included in the Capital Improvement portion of the budget.

Financing the programs and activities of the Street Division has been very challenging over the past several years. The Street Fund receives shared monies from Washington State's Gas Tax, however, because this distribution is based on population, the City receives a minimal amount each year. Unfortunately, this distribution is not enough to cover the annual expenses that this fund experiences. To make up for the shortfall between current program revenues and current operational expenditures, the City transfers General Fund monies in to the Street Fund annually to help cover the costs.

# Rainy Day Fund (103)

The Rainy Day Fund is used to set-aside funds for future use in case of emergency or economic downturn. The target is for the ending balance to equal at least 10% of budgeted operating expenditures of the General Fund. Use of the Rainy Day fund shall be approved by Council through the budget process for temporary, unanticipated, one-time expenditures. If the balance in the Rainy Day fund falls below the 10% target, the balance should be increased by at least one percent per year until the 10% target is met again. The 2020 ending balance will stay at the 10% target without any additional transfers.

# Drug Seizure Fund (105)

To ensure that criminals do not benefit financially from their illegal acts, federal law provides that profits from drug-related crimes, as well as property used to facilitate certain crimes, are subject to forfeiture to the City. These forfeitures are accounted for in the Drug Seizure Fund and are used to offset training and equipment costs of the police department.

# Criminal Justice Fund (107)

The Criminal Justice Fund accounts for expenditures of the Police Department.

The Milton Police Department is dedicated to excellence as a world class public safety agency. We are committed to establishing an environment in which members of the department and community thrive. We seek to be a catalyst for positive change through persistent, personalized and cost-effective use of public safety resources. By embracing the values of pride, professionalism and integrity we remain committed to maintaining the public trust.

Administration Division: The Administration Division is staffed by both sworn officers and civilian employees. Currently the Division is comprised of 1 full time Police Administrator (Police Chief). The Assistant Chief and Police Clerk Position are currently vacant due to a lack of funding.

The Patrol Division is the backbone of the Milton Police Department, as they are available twenty-four hours a day, seven days a week. The Patrol Division has the responsibility of being the first responders to all calls for police service in the city. The Patrol Division is comprised of 3 Patrol Sergeants, 8 Patrol Officers and 1 Code Enforcement Officer.

The Detective Division investigates an array of serious offenses such as; aggravated assault, aggravated battery, stalking, kidnapping, attempted murder, homicide, arsons with injury/death, firearm offenses, traffic fatalities and missing/vulnerable persons. These cases require more time than a patrol officer can commit and may go over days or even months. Detectives are sent to specialized training that a patrol officer generalist does not have. The Detectives Division is made up of 1 full-time detective and a working Patrol Officer.

Volunteer Division: Last year volunteers provided countless hours of value added service at no cost to the Milton Police Department. This program successfully maximizes resources at the department level to enhance community relations through community participation and partnership. This Division is comprised of 6 limited commissioned Reserve Officers, 2 non-commissioned Citizen Volunteers, 1 Police Chaplain and 3 Block watch Captains.

In a bid to share resources and capabilities with nearby law enforcement agencies to protect life and property, the cities of Bonney Lake, Buckley, Dupont, Fife, Fircrest, Gig Harbor, Lakewood, Milton, Orting, Puyallup, Sumner, and the Town of Steilacoom entered into a Inter local agreement for joint cooperation. This agreement has been in place since 2005. This agreement provides a multi-agency team of investigators and support resources designed to provide quality investigative assistance to the City of Milton, such as:

- A Crime Response Unit Specialty team comprised of individual officers organized to provide quality investigative assistance for major incidents.
- Major Law Enforcement Operations Response team, which will assist in the event of an actual or suspected emergency which requires extraordinary and/or specialty expertise, or a major crime incident which demands specialty expertise, or where additional resources are needed for

effective resolution.

- Tactical Response Team comprised of individual officers to respond to situations which require additional or extraordinary tactical equipment or expertise.
- Civil Disturbance Team Specialty team comprised of individual officers of the Signatory Agencies organized to respond to incidents involving riots or civil unrest.
- Metro Collision Response Team Specialty team comprised of individual officers of the Signatory Agencies organized to respond to and investigate serious injury, fatality, or officer involved collisions occurring within our jurisdiction.

The Milton Police Department also has one member on the U.S. Marshals Violent Crime Task Force.

In 2018, the police department logged 18,266 calls for service. Growth in calls for service, and the need for additional personnel to comply with best business practices, and an increase in the city's day and night population have all placed significant demands on the City's resources. In addition, existing personnel salaries and benefits continue to increase through contract periods. The Milton Police Department will continue to do its best to provide the highest level of services to the citizens of Milton with the resources available.

A summary of the Criminal Justice Fund budget is provided below. The total budget for 2020 is only slightly higher than in 2019. This is due to vehicle replacements being funded out of the Asset Replacement Fund in 2020 and due to the final payment on interfund debt being made in 2019. These savings are offset by moderate increases expected in salaries and benefits.

**SUMMARY**

# Community Events Fund (116)

The community events fund is used to account for revenues and expenditures associated with annual Milton Days, Fall Bazaar and Tree Lighting events. Salaries and benefits costs will be subsidized by transfers from the General Fund as needed and as approved during the budget process.

<u>Account</u>	<u>Title</u>	<u>2018 Actual</u>	<u>2019 Budget</u>	<u>2019 Projected</u>	<u>2020 Budget</u>

# Reserve Officer's Fund (118)

This fund was established for accepting gifts and donations on behalf of the Milton Reserve Police Officers. This fund receives donations, memorials, bequests, and other contributions made to the City by citizens and other organizations. Currently, the City of Milton funds duty weapons and ballistic vests for reserve officers. The reserve officers are responsible for all other costs associated with reserve service, including uniforms, duty belts, duty equipment and training. This fund is used to defray some of the cost incurred by the reserve officers.

# REET 1 Fund (130)

The real estate excise tax (REET1) is a tax on the sale of real estate, usually paid by the seller. Cities, towns, and counties use the tax to fund capital projects.

The state levies this tax at a rate of 1.28%. REET is collected by the County and distributed to the state and the appropriate local government. In 1982, cities and counties were authorized to impose an additional 0.25% to finance capital improvements (RCW 82.46.010(2)). This is commonly referred to as REET1.

REET 1 funding can be utilized to fund capital projects that are listed in the capital facilities plan element of the City's comprehensive plan. Capital projects are defined as those public works projects of a local government for planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets; roads; highways; sidewalks; street and road lighting systems; traffic signals; bridges; domestic water systems; storm and sanitary sewer systems; parks; recreational facilities; law enforcement facilities; fire protection facilities; trails; libraries; administrative facilities, judicial facilities and river flood control projects.

# REET 2 Fund (131)

The real estate excise tax (REET2) is a tax on the sale of real estate, usually paid by the seller. Cities, towns, and counties use the tax to fund capital projects.

In 1990, the Legislature authorized cities to impose an additional 0.25% to finance capital projects specified in the capital facilities element of a comprehensive plan. This is commonly referred to as REET2.

For this 0.25% of the real estate excise tax, "capital project" is defined as public works projects of a local government for planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewer systems, and planning, construction, reconstruction, repair, rehabilitation, or improvement of parks. Acquisition of land for is a permitted use of REET 2 receipts for street, water, and sewer projects.

Under limited circumstances, REET 2 funds may be used for those capital projects that qualify as REET 1 projects, including acquisition of land for parks, recreational facilities; law enforcement facilities; fire protection facilities; trails; libraries; administrative facilities, judicial facilities, and river flood control projects. There are limits placed on the amount that is allowed to be expended for these purposes.

# Traffic Impact Fees Fund (140)

State law requires that under the Growth Management Act cities plan for projected growth and have the infrastructure in place to support that growth. Transportation impact fees are paid by developers and expanding businesses to help cover the cost of road improvements that increase traffic capacity. Money from the fees is tied directly to the size and type of the development and the anticipated increase in traffic associated with the project.

This fund was created for the purpose of identifying transportation system impact mitigation revenue sources and expenditures.

Transportation impact fees are charged only for new construction or changes in land use that create a need for transportation capacity improvements.

# Parks Impact Fees Fund (150)

The Growth Management Act requires cities to plan and provide parks and recreation facilities that are adequate to accommodate growth. Cities are authorized to impose an impact fee on development activity as part of the financing for such facilities. By charging impact fees, cities can collect a revenue stream to help ensure park facilities are adequate to meet the demands of future growth.

The City adopted an Ordinance in 2016 that created the City of Milton’s Park Impact Fee program. This program was anticipated in the City’s Parks, Recreation, and Open Space Element of the Comprehensive Plan.

A park impact fee is a one-time payment by new residential development to pay for capital costs of facilities needed to support the new development. Park impact fees are charged during the building permitting process and used to fund projects to maintain levels of service of our park system. The intent is to share the financial responsibility of providing for recreation facilities, such as new parks, open space and recreation facilities that support future growth with the development that grows our population and economy.

The fee is proportionate to the size of the development, or change in use. More potential residents, customers, or visitors result in higher fees. Park impact fees can only be used for “system improvements” included in an adopted six-year Capital Improvement Plan (CIP), and that are improvements reasonably related to and benefit the new development. Impact fee rates must be adjusted to account for other revenues that the development pays.

# Capital Improvement Fund (310)

This fund supports the City of Milton’s transportation projects and other projects linked with various State and Federal funding programs. Excise taxes from real estate sales are transferred into this fund for the funding of street capital improvements as permitted by state law. Many of the projects are dependent upon the acquisition of outside grants, potential formation of local improvement districts (LIDs), and transportation system mitigation revenue.

2020 projects are as follows:

## **City Hall Retrofit \$80,000 (REET 1)**

This budget item is for the continued improvements to the City Hall complex. In 2018 the City took back control of a portion of the Fire Station. In 2019 it is planned to complete work on the upgrades to the fire station and City Hall complex to modernize and improve the appearance and performance of the facilities, including a new roof for the fire station. In 2020 the budget is for improvements to the Milton Activity Center (MAC), Community Building and Public Works Department.

## **Trailhead Improvements \$385,000 (Grant)**

This budget item is for Interurban Sidewalk and Parking lot access project along Kent Street adjacent to the Interurban Trail. The City was successful in receiving 90 percent of the funding from the State 2016 Connecting Washington Budget.

## **Playground Equipment \$100,000 (Park Impact Fees/REET 1)**

This budget item is for the continued repair and replacement of playground equipment at the City of Milton’s parks to ensure safety compliance and usability.

## **Milton Way Pedestrian Improvements \$40,000 (Traffic Impact Fees)**

This item is for new sidewalks along various sections of Milton Way.

## **Miscellaneous Sidewalks \$150,000 (Traffic Impact Fees)**

This budget item is for replacement and repair of failing sidewalk sections at various locations throughout the City.

## **Miscellaneous Street Overlays \$10,000 (REET 2)**

This budget item is for repair and overlay of asphalt road sections at various locations throughout the City.

## **Miscellaneous Striping and Markings \$10,000 (REET 2)**

This budget item is for the City’s line striping and raised pavement markings. This is part of an annual program to keep our pavement marking up to current standards at various locations throughout the City.

## **City-wide Pavement Restoration \$150,000 (Traffic Impact Fees)**

This budget item is to improve pavement condition by asphalt patching, crack sealing and spat removal and replacement.

**City Gateways/Wayfinding \$30,000 (REET 1)**

This budget item is to create a series of gateway signs/monuments (up to three) at the boundaries of the city.

**City-wide Traffic Calming Program \$100,000 (Traffic Impact Fees)**

This is to install physical design and other measures (speed humps, traffic circle, speed readers, etc.) in residential neighborhoods to improve safety of motorists and pedestrians.

**Porter Way @ SR-99 \$450,000 (Grant)**

The City plans to enlarge the intersection by adding additional lanes, sidewalks and a new traffic signal.

**City-wide Parks Improvements \$75,000 (REET 1/Parks Impact Fees)**

Park improvements which may include irrigation, lighting, benches and parking.

**City-wide Transportation Beautifications \$20,000 (REET 1)**

To improve the appearance of the City's transportation system by installing decorative banners on poles, taking measures for litter prevention, installing flower beds and stamped concrete for crosswalks.

**West Milton Ballfield Improvements \$30,000 (REET 1)**

The West Milton Ballfields have continued to sink due to poor soil conditions. This budget item is to investigate and implement a long-term solution to the Ballfield/Public Works Operations facilities to ensure a mutual benefit to all parties involved.

# Electric Utility Fund (401)

The Electric Utility is a division of the Public Works Department and has been established to provide a safe and reliable electric system to the citizens of Milton including a capital improvement and a maintenance program serving city customers. The Electric Utility is an enterprise fund that operates like a business.

Electricity is provided to the City by the Bonneville Power Administration and is delivered to the City at the Substation located along Fife Way. Revenue to this fund is primarily through the sale of electricity to our customers.

Expenditures from this fund are for administrative and maintenance/operations of the utility. Funds are transferred out of this fund into the Electric Capital Project Fund and the Electric Asset Replacement Fund. The Administrative portion of the fund includes monthly customer billing, planning, coordination with BPA and participation in other electric related organizations. The Operations and Maintenance portion of the fund includes regular maintenance and repair of poles, transformers, vaults, and distribution lines as well as tree trimming and removal.

This fund should have an ending fund balance of 25% of expenditures, however prior budgets have significantly reduced fund balance. A rate study was completed in 2019 and rate increases were adopted for the next five years. Rate increases are anticipated to bring the fund balance back up to the 25% target by 2023.

# Electric Capital Improvement Fund (402)

This fund was created to separate capital improvements from regular administration, maintenance and operations activities. The intent is to have the resources available when needs arise. Seven percent of the revenue from monthly electric charges is contributed to this fund to provide for capital improvements.

2020 projects include the following:

## **Substation – Design \$650,000**

Electrical substation design; surveying; geotechnical investigations, studies and services; permitting; as well as the creation of plans, specifications and estimates; construction management, and construction engineering services.

## **Substation – Property Acquisition \$920,000**

Preliminary siting, alternative evaluation and purchasing a new site for the construction of the City's new sub-station.

## **Miscellaneous Cable Replacement \$150,000**

This budget item is for the purchase of electrical cable as needed to replace aging and failing segments of electrical cable at various locations throughout the City.

## **Pole Replacement Project \$185,000**

This budget item is for the purchase and installation of electrical poles as needed to replace aging and failing poles at various locations throughout the City.

## **Tree Trimming \$100,000**

This budget item is to provide funding for the trimming of trees to reduce outages caused by wind storms. This is part of the Electric Utility's effort to continue to provide a reliable electric system.

## **Meter Replacement Project \$25,000**

This budget item is for the equipment and staff time for the Electric Department's continued effort to implement a totally automated meter reader and control system.

## **27th Avenue Cable Rebuild \$10,000**

Currently 27<sup>th</sup> Avenue contains one continuous electrical circuit. This limits the City's ability to provide localized power outages without de-energizing the entire street. This project will install equipment that will provide the City with the ability to limit outages to a smaller area.

## **Switchgear Rebuild \$10,000**

This project involves the installation of new electrical control modules on 27<sup>th</sup> Avenue. The existing control boards are old, have reached the end of their service life and are in need of replacement to ensure continued reliability of our electrical system.

# Electric Utility Asset Replacement Fund (409)

This fund was established to fund replacement of assets such as rolling stock, major equipment and technology upgrades. The intent is to have the resources available when needs arise. Each year three percent of service revenue will be contributed to this fund to keep funds available as needed.

# Water Utility Fund (403)

The Water Utility is a division of the Public Works Department and has been established to provide a city-wide water service, capital improvement and maintenance program serving city customers and customers outside of the City. The Water Division's primary function is to provide, operate, and maintain a quality water supply that effectively and economically meets or exceeds all federal and state drinking water regulations for the customers, while constructing water projects for infrastructure improvements consistent with the planning and implementation of the Water System Comprehensive Plan. The Water Utility is an enterprise fund that operates like a business.

The primary source of revenue for this fund is through the sale of water to our customers. The City also receives revenue through the rental of space on our water towers to private communication companies for antennas. Expenditures from this fund are for administrative and maintenance/operations of the utility. Funds are transferred out of this fund into the Water Capital Projects Fund and the Water Asset Replacement Fund.

The Administrative portion of the fund includes monthly customer billing, planning, coordination with the Department of Health, working with hydrogeologists and legal counsel to protect the City's water sources and participation in other water related organizations.

The Operations and Maintenance portion of the fund includes regular maintenance and repair of wells, pump stations, valves, water mains, distribution lines and hydrants.

# Water Utility Capital Improvement Fund (404)

This fund was created to separate capital improvements from regular administration, maintenance and operations activities. The intent is to have the resources available when needs arise. Seven percent of the revenue from monthly water charges is contributed to this fund to provide for capital improvements.

2020 projects are as follows:

## **Miscellaneous Security Upgrades \$60,000**

Security of water systems is a very important aspect of operating a reliable and dependable water system. This budget item will purchase and install equipment necessary to monitor and issue alarms when a security concern arises regarding our water system.

## **Miscellaneous Watermain Replacement \$55,000**

Repair and replacement of old and failing water pipes at various locations throughout the City.

## **Alder Street/26th Ave Watermain \$12,000**

This budget item is for replacement of an old failing water main along 27<sup>th</sup> Avenue and Alder Street to upgrade the flow to ensure a reliable source of water for the residents that live along these streets.

## **Water Tank Demolition \$10,000**

in 2018 the City of Milton demolished a water tank on a city-owned parcel within the city limits of Edgewood. This property is no longer useful to the City of Milton and has been declared surplus. This budget item is to complete the sale of the property.

## **2 MG Tank Drive Replacement \$35,000**

The City of Milton's starter for the pumps Variable Speed Drives and controls the output speed of the pumps based on the demand. The drives have reached the end of their service life and need to be replaced.

## **Well #5 Replacement \$850,000**

The existing Well #5 located at the 1-million-gallon reservoir site needs to be re-drilled in order to provide the City with a water source capable of meeting our future water demands.

## **Well #2 Rehabilitation \$15,000**

In 2018 the Corridor Well #1 was experiencing a drop in the production rate. After removing the screen it was determined that corrosion has plugged the screen. This budget item is to investigate and, if necessary, rehabilitate the adjacent Well #2.

## **Cable Replacement \$50,000**

City-wide cable replacement.

# Water Utility Asset Replacement Fund (405)

This fund was established to fund replacement of assets such as major equipment and technology upgrades. The intent is to have the resources available when needs arise. Each year three percent of service revenue will be contributed to this fund to keep funds available as needed.

# Stormwater Operations Fund (406)

The Stormwater Utility is a division of the Public Works Department and has been established to provide a citywide storm drainage capital improvement and maintenance program serving the citizens of Milton. The Stormwater Utility provides, operates and maintains the stormwater system with a focus on minimizing damage from severe storms by improving flood protection and improving the quality of Stormwater runoff to meet the requirements of the Department of Ecology's National Pollutant Discharge Elimination System Phase II (NPDES) permit. The Stormwater Utility is an Enterprise Fund that operates like a business.

Revenue to this fund is primarily through the payment of monthly stormwater fees. Other revenue sources include clearing and grading permit fees and stormwater plan review fees. Expenditures from this fund are for administrative and maintenance/operations of the utility. Funds are transferred out of this fund into the Stormwater Capital Project Fund and the Stormwater Asset Replacement Fund. The Administrative portion of the fund includes monthly customer billing, planning, coordination with the Department of Ecology for our NPDES permit; and participation in other stormwater related organizations. The Operations and Maintenance portion of the fund includes cleaning catch basins, manholes and storm pipes; monitoring and cleaning of ditches, culverts, bioswales and underground detention vaults; installation of storm pipe and catch basins; and maintenance of detention ponds.

The increase in revenues from 2019 to 2020 is due to additional properties within the Hill Creek Annexation area. Stormwater fees have not been updated since the program's inception which is why fund balance continues to decline. A rate study should be performed in 2020 or 2021.

# Stormwater Capital Improvement Fund (407)

This fund was created to separate capital improvements from regular administration, maintenance and operations activities. Currently, the operating fund contributes \$2.50 per unit to this fund, however the 2019 budget is based seven percent of the revenue from monthly stormwater charges, pending Council approval.

2020 projects are as follows:

## **Decant Facility \$20,000**

The City was successful in receiving a grant from the Washington State Department of Ecology for the construction of a decant facility. The Decant facility will save the City money by allowing a temporary storage facility for waste material picked up by our vacator truck avoided the cost of transportation and disposal at out-of-city locations.

## **Taylor Street Storm Drainage Improvements (Design and Construction) \$99,000**

This budget item is for pipe installation to improve storm drainage along Taylor Street between Porter Way and 15<sup>th</sup> Avenue. This is part of the City's efforts to improve the storm drainage system and minimizing local flooding.

## **Citywide Ditch/Culvert Projects \$80,000**

This budget item is for repair and construction of ditches and culverts at various locations throughout the City.

## **Surprise Lake Outfall \$50,000**

The water level in Surprise Lake is currently controlled by an outdated system that is not under the control of the City of Milton. This outfall needs reconstructing to better control the flow out of the lake and the associated water level in the lake.

## **Campus Green Retrofit \$100,000**

The City has partnered with the Department of Ecology to fund Low Impact Development retrofit projects at City Hall. These improvements will include pervious concrete walkways and bio-retention cells among other design features.

## **2019 – 2021 Department of Ecology Capacity Grant \$50,000**

Every two years the City receives grant money for our National Pollutant Discharge Elimination System (NPDES) compliance activities. Compliance activities could include maintenance, equipment purchase or public education and outreach programs.

## **Surface Water Plan Update/Rate Study \$120,000**

Since the last update of the Surface Water Master Plan many requirements and thresholds for stormwater management have evolved. This project is to update the master plan to identify future capital needs as well as updating the rate structure.

# Stormwater Asset Replacement Fund (408)

This fund was established to fund replacement of assets such as major equipment and technology upgrades. The intent is to have the resources available when needs arise. Each year three percent of service revenue will be contributed to this fund to keep funds available as needed.

# Vehicle Repair and Maintenance Fund (501)

The Vehicle Repair and Maintenance Fund is an Internal Service Fund that was established to account for repair and maintenance of the City's fleet of vehicles, excluding the Police Department.

Revenue to this fund is collected by billing the other funds for the labor and equipment used to service the vehicles from the different departments. Expenditures are tracked by vehicle and department. Expenditures are primarily for in-house salaries, wages and benefits for the City's mechanic and parts for repairs of the fleet. Other expenditures include the services of outside mechanics for repairs for which the City does not have the equipment or specialized expertise.

# Information Technology Fund (503)

The Information Technology Fund is an Internal Service Fund that was established to account for City-wide technology needs.

Revenue to this fund is collected by billing the other funds for the operating expenditures related to technology that serves the entire City. Expenditures are primarily for contracted information technology support services, software licenses and subscriptions and other professional services.

# Glossary

**Appropriation** – A legal authorization granted by the City Council to make expenditures and to incur obligations for a specific purpose.

**Assessed Valuation** – The valuation set upon real estate and certain personal property by the County Assessor as a basis for levying property taxes.

**Authorized Positions** – Employee positions, which are authorized in the adopted budget, to be filled during the year.

**BARS** – The Budgeting, Accounting and Reporting System for accounting prescribed by the Washington State Auditor’s Office.

**Bond** – A long-term promise to repay a specified amount (the face amount of the bond) on a particular date (the maturity date). The most common types of bonds are general obligation revenue bonds. Bonds are primarily used to finance capital projects.

**Budget** – A plan of financial activity for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

**Capital Improvement** – Expenditures related to acquisition, expansion or rehabilitation of an element of the government’s physical plant; sometimes referred to as infrastructure.

**Capital Outlay** – Fixed assets that have general value of \$5,000 or more and have a useful economic lifetime of more than one year.

**Capital Project** – Major construction, acquisition, or renovation activities which add value to government’s physical assets or significantly increase their useful life, also called capital improvements.

**Capital Projects Fund** – A fund created to account for all resources and expenditures used for the acquisition of capital assets except those financed by enterprise funds.

**Contractual Services** – Services rendered to a government by private firms, individuals, or other governmental agencies.

**Debt Service** – Payment of interest and principal on borrowed money according to a predetermined payment schedule.

**Department** – The basic unit of service responsibility, encompassing a broad mandate of related service responsibilities.

**Encumbrance** – The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

**Enterprise Fund** – A type of proprietary fund in which the direct beneficiaries pay for all costs of the fund through fees.

**Expense** – Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

**Face Value** – The amount of principal that must be paid at maturity for a bond issue.

**Fiscal Year** – A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization.

**Full-time Equivalent Position (FTE)** – A full-time or part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours per year. For example, a part-time person working 20 hours per week would be equivalent of 0.5 of a full-time position.

**Fund** – A fiscal entity with revenues and expenses that are segregated for the purpose of carrying out a specific purpose or activity.

**GAAP** – Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

**GASB** – The Governmental Accounting Standards Board, established in 1985, is the current standard-setting board for governmental GAAP.

**General Fund** – The principal operating fund of the City used for general governmental operations. Taxes and fees that generally have no restriction on their use support it.

**General Obligation (G.O.) Bonds** – This type of bond is backed by the full faith, credit and taxing power of the government issuing it.

**Indirect Cost** – A cost necessary for the functioning of the organization as a whole, but which cannot be identified with a specific product, function or activity.

**Infrastructure** – The physical assets of a government (e.g. streets, water, sewer, public buildings, and parks).

**Interfund Transfers** – The movement of monies between funds of the same governmental entity.

**Internal Service Funds** – A type of proprietary fund that accounts for the goods and services provided to other units of the city. Payment by the benefiting fund is intended to fund the costs of providing services.

**LEOFF** – The “Law Enforcement Officers and Fire Fighters” retirement system of the state that provides coverage for city public safety employees.

**Levy** – To impose taxes for the support of the governmental activities.

**Levy Rate** – The property tax percentage rate used in computing the property tax amount to be paid.

**Long-term Debt** – Debt with a maturity of more than one year after the date of issuance.

**Operating Budget** – The portion of the budget that pertains to daily operations that provide basic governmental services.

**Ordinance** – A formal legislative enactment by the City Council. If it is not in conflict with any higher form of law, such as a statute or constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies.

**PERS** – “Public Employee Retirement System.” The state system for public employment retirement applicable for employees other than police officers.

**Proprietary Funds** – A group of funds that account for the activities of the city that are of a proprietary or business character. Also see “Enterprise Fund.”

**Resolution** – A special or temporary order of a legislative body—an order of a legislative body requiring less legal formality than an ordinance or statute.

**Resources** – Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

**Revenue** – Sources of income financing the operations of government.

**Revenue Bonds** – Bonds sold by the city that are secured only by the revenues of a particular system.

**Special Revenue Funds** – General government funds for which the source of monies is dedicated to a specific purpose.

**Taxes** – Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those who pay, for example, sewer service charges.

**Unreserved Fund Balance** – The portion of a fund’s balance that is not restricted for a specific purpose and is available for general appropriation.

**User Charges** – The payment of a fee for direct receipt of a public service by the party who benefits from the service.
