Britney,

Hello we live at 23rd and Diamond Milton my name is MeChelle Smith my Husband Walter.

Our concerns are the that of all of the community of 23rd. This street needs sidewalks all the way down to Alder and has needed them for years. To bring in even more houses and not put sidewalks in is endangering drivers and Pedestrians.

Also it would be amazing to put in some kind of deterrent (speed bumps, circular drive around) to keep cars and semis from skipping going through meridian to Milton and taking 28th to Alder and to 23rd. They fly through our stop sign all the time. More houses is just going to cause more traffic.

Cheers,
Walter and MeChelle Smith
